

# Block: Button

Publicat la: 3 noiembrie 2018

---

Button blocks are not semantically *buttons*, but links inside a styled div.

If you do not add a link, a link tag without an anchor will be used.

A centered button with  
more than

one line of text

Buttons have three styles:

Rounded

Outline

Square

If the theme has a custom color palette, test that background color and text color settings work correctly.

[Read more about the color palettes in the handbook.](#)

Now lets test how buttons display together with large texts.
